

# **COMPLETE IMPLANT PROSTHODONTICS WORKSHOP**

## Implant Prosthesis

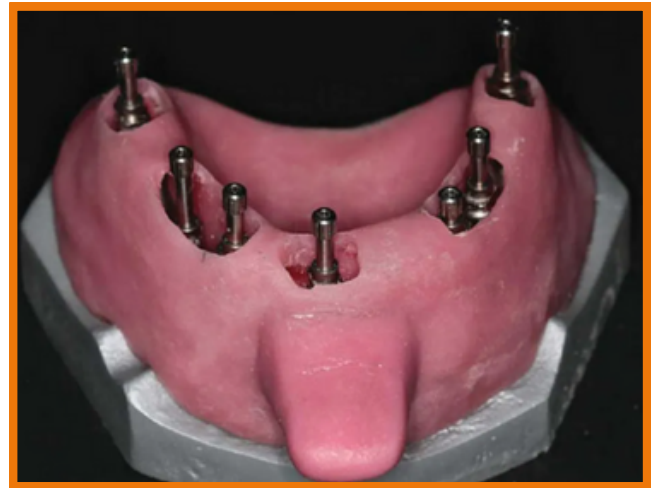

- Definition
- Classification
- Nomenclature method

## Implant Prosthesis

- Analog vs digital method

### Analog Method

- Single implant prosthesis
- Implant supported bridge
- Full arch prosthesis
- Full mouth prosthesis

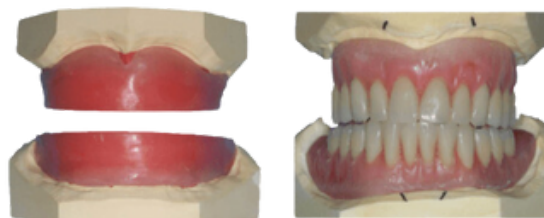

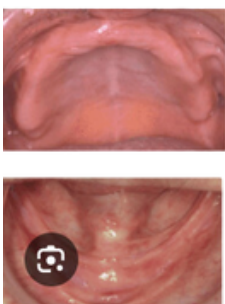

### Hands-on

- Open tray - closed tray - snap on impression
- Cast pouring
- Jig trial - model surgery
- JR - teeth trial - metal trial
- Prosthesis delivery

## Implant Occlusion

## Digital Method

- Intra oral scanners
- Definition
- Working principle
- Classification
- Scanning techniques
- Do's and Dont's

### Hands-on

- Scanning for single - multiple teeth
- Scanning for full arch
- Digital JR

## Steps in Digital Implant Prosthetics

- Single tooth
- Multiple teeth
- Full arch
- Full mouth prosthesis

### Hands-on

- Scanning for single - multiple teeth
- Scanning for full arch
- Digital JR

## Steps in Digital Implant Prosthetics

- Single tooth
- Multiple teeth
- Full arch
- Full mouth prosthesis
